Our Staff

Snowball Care Services strongly believes that well trained staff becomes more confident and are able to offer a better quality service.

All of our care staff is criminal record checked and are recruited through a robust process that requires up to date references and a full employment history.

They go through a comprehensive induction programme that helps to prepare them to perform their duties to the best of their abilities in providing a service that meets the highest standard.

Training updates are routinely given so that employees can keep pace with the ever evolving changes that occur in social care.

If something concerns you or if you have an idea as to how we can improve, your voice will be heard.
